TCAT Northwest Criminal Background Check Notice

TCAT Northwest Dental Assisting Technology Students:

Neither the TCAT Northwest nor Tennessee Board of Regents requires background checks for admission into any program at the Tennessee Colleges of Applied Technology.

During the Dental Assisting Technology program clinical sites may require students to undergo a criminal background check as a condition for access to the site for a clinical rotation. Students will be subject to multiple background checks at the discretions of the clinical sites. Clinical sites will set the specifications for any background check and the background check will be conducted by a third party. Students will be responsible for paying cost for any criminal background check required by clinical site. Records pertaining to an individual student's criminal check will be maintained by the third party that conducted the criminal background check.

Clinical sites determine who may come into their facility and assist in providing patient care. The clinical site may decline admission to anyone with who does not meet the clinical sites standards for passing a background check. If a students is prohibited from admission to a clinical site, **he/she will not be able to acquire the necessary clinical hours and will not be able to meet the program requirements.**

Some facilities may require students to complete an additional background check with fingerprinting. The clinical site will determine if a student may attend their clinical site based on their background check. **If a clinical site denies the student access to their site they will not be able to obtain the required number of clinical hours and therefore will be unable to successfully complete the Dental Assisting Technology program.**

Alternatives/Options

If a student knows he/she had a criminal history that will appear on a criminal background check or receives a negative result ("red flag") from a criminal background check, he/she has the option to attempt to have the red flag item sealed/ expunged. Ideally, the student should complete the sealing/expungement process prior to applying to the program. The applicant with an expungement will need to make sure the background check comes back with a Green Flag in order to ensure that he/she will be granted access by the clinical sites and thereby obtain the required hours to qualify to sit for the state board licensure exam.

All students who apply to the Dental Assisting Technology program will need to sign a form acknowledging that the student understands that a clinical site may refuse a student's access to their facility based on their background results, the student may be unable to successfully complete the Dental Assisting Technology program.

TENNESSEE COLLEGE OF APPLIED TECHNOLOGY

NORTHWEST

TCAT Northwest wants to encourage all students with an interest in pursuing a career as a Dental Assistant to do so. At the same time the College wants to encourage all prospective applicants and students to conduct an honest and full self-assessment of his/her ability to complete the program in light of the reality of clinical site for criminal background checks. The Director of Nursing/Allied Health is available to meet with prospective applicants, reviews known background check standards and discuss remedial options prior to application to the Dental Assisting Technology Program.

Each students with Red Flag on their background check is to review the results and meet with the Director of Nursing/Allied Health to discuss options. Only after understanding the background results and available options will the student with a red flag submit an application for admission to the Dental Assisting Technology program at TCAT Northwest.

By signing below, I acknowledge that I have read and understand the policy on background checks.

AUTHORIZATION FOR RELEASE OF STUDENT BACKGROUND INFORMATION AND ACKNOWLEDGMENT

I, _____ hereby authorize TCAT Northwest including all employees, agents, and other persons professionally affiliated with TCAT Northwest having information related to the result of my background check and credential check(s) as these terms are generically used by background check agencies, hospitals, clinics, and similar medical treatment facilities to disclose the same to such facilities and the appropriate TCAT Northwest administrators and faculty providing clinical instructions at such facilities, waiving all legal rights to confidentiality and privacy.

I expressly authorize disclosure of this information, and expressly release TCAT Northwest, its agents, employees, and representatives from any and all liability in connection with any statement made, documents produced, or information disclosed concerning the same.

I understand that a hospital, clinic or similar medical treatment facility may exclude me from clinical placement on the basis of a background check. I further understand that's if I am excluded from clinical placement, I will not be able to meet course requirements and/or the requirements for graduation. I release TCAT Northwest and its agents and employees from any and all liability in connection with any exclusion that results from information contained in a background check.

Any hospital, clinic, or similar medical treatment facility to which I am assigned may be required by the Joint commission on Accreditation of Healthcare Organization's policy to conduct an annual compliance audit of five percent (5%) or a minimum of thirty (30) background investigation files. I agreed that, upon request from hospital, clinic, or similar medical treatment facility to which I am assigned, I will provide the results of my background check to be used for audit purposes only.
